## OUR ICE CREAMS.

We have obtained a provincial reputation for the excellence of our Ice Creams, and we shall endeavor to maintain and extend that reputation.

In order to have first-class Ice Cream, it is necessary in the first place to have plenty of rich, heavy, sweet cream; secondly, the flavoring and coloring materials should be pure vegetable and fruit juices and lastly, perfect cleanliness should be observed throughout the process of manufacture. The strictest care is taken that these three essentials are always observed in the manufacture of all our Ice Creams.

All our Ice Cream is put up in Porcelain Lined Packers.
